### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William H. Shreve on June 17, 2005.

2. The application has been amended as follows:

#### **In the Claims:**

- A) Rewrite claim 67 as follows:

--67. (Currently Amended) An exercise apparatus, comprising:  
an operator support supported by a frame, said operator support having generally opposing first and second sides, the first side configured to support at least a portion of a torso of an operator in a substantially stationary orientation;

a track mounted to said frame, the track being generally disposed to the second side of the operator support, and the track defining an arc substantially concentric to a first reference point disposed to the first side of the operator support; and

an engagement assembly having an operator engagement portion, at least a portion of said engagement assembly being selectively moveable along said track relative to the first reference position,

wherein for every position of the engagement assembly along the track, the operator engagement portion is disposed-to the first side of the operator support.—
